Job Description

As a Senior Data Analyst, you will collaborate with key stakeholders to address business challenges by analyzing various data sources and providing actionable recommendations. Your role will focus on delivering data-driven insights and ensuring effective data governance.

Client Details

Our client is a leader in e-commerce and digital innovation, offering diverse services across commerce, digital content, and more. The company emphasizes using data to drive business success and innovation, creating a dynamic and growth-oriented work environment.

Description

- Consult with clients to understand business goals and data challenges.
- Lead the full data analysis process, including data collection, cleaning, and advanced statistical modeling.
- Create compelling BI dashboards and reports to communicate insights.

- Ensure effective communication between clients and engineering teams for project success.
- Promote data governance by maintaining data quality, integrity, and security.
- Continuously learn and share new data tools and best practices with the team.

Job Offer

- A chance to work in a fast-paced, innovative environment with a focus on AI and data science.
- Opportunities for professional growth and learning cutting-edge technologies.
- Globally recognized company at the forefront of e-commerce and internet services.
- Great work-life balance with free meals every day.
- Engage in challenging data analytics projects for a prominent client.
- Grow your career in a supportive and innovative environment.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Naoko Toda at +81 3 6832 8648.

Required Skills

- 3+ years of experience as a Data Analyst, Data Scientist, or Data Consultant.
- Proficient in Python, SQL, and experienced in BI dashboard development (e.g., Tableau, DOMO).
- Strong problem-solving, critical thinking, and communication skills.
- Project management and leadership abilities.
- Native-level Japanese and business-level English skills.
