- Experience with managing projects and organising significant volume of work
- Background in prioritising initiatives and managing customers
- Knowledge in Engine oil and additives
- Technical skills to assist external customers and sales
- Fluent level verbal and written English

---

**Company Description**

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
