Job Description

Company Profile

- A US headquartered company which specializes in manufacturing disposable medical products are looking for an experienced leader who will be able to oversee the next phase of their technology transformation.

The Role

- You will be leading a team of around 5 people in internal IT, and will oversee a range of infrastructure and enterprise applications projects.
- There will be a heavy focus on the implementation, optimization, maintenance, and operational support of the company's business applications; in particular ERP projects.

Your Skills

- Fluent Japanese and Business level English are both mandatory for this role.
- Someone with experience of leading an internal/in-house IT team of around 4-5 people would be a good fit for this

role.

- Someone with a strong knowledge of ERP systems (in particular, Oracle or SAP) would be ideal for this role.

Location

Tokyo

Salary

13 - 15 million yen

Selling points

- The company achieved their highest ever revenue in 2024, meaning that you'll be joining a stable company that can invest back into its business and employees.
- You'll be working as part of an international team, having frequent communication with global teams and stakeholders.
