Job Description

About the company

We're on the lookout for exceptional talent to join one of the world's most iconic, trailblazing companies—dedicated to transforming the outdated world of vehicle technology.

Imagine working alongside a team of renowned experts, leaders in their fields, all driven by a shared passion for innovation and making a real difference in society. They're ready to welcome you to their mission of reshaping the future.

The technology you'll help create isn't just cutting-edge; it's revolutionary. You'll be at the forefront of changing how people experience mobile technology, collaborating with top innovators who are redefining the industry, one breakthrough at a time.

Who you are

- You will have 3+ years experience as an iOS developer
- You will be familiar with SwiftUI, Agile development environments, and Git
- You will be someone who wants to research new technologies to deliver the best possible iOS user experience possible.

Why you should apply

- You will be joining a company where you will be able to grow professionally and personally alongside other, like-minded people.
- With a hybrid work model, you will be allowed to work in a way that offers the best of both worlds.
- With generous PTO and sick leave, you are given the space that you need to rest and stay motivated.

Required Skills

Requirements

- 3+ years in iOS app development whilst maintaining clean Swift code.
- Proficient in asynchronous programming, multi-threading, dependency injection, and advanced Swift techniques.
- Experienced in building iOS libraries and tools.
- Strong ownership of product quality and features.
- Familiar with implementing iOS design systems.
- Passionate about enhancing automotive and motorcycle experiences through iOS.

Desired skills

- Familiarity with SwiftUI.
- Experience with Agile development environments.
