Job Description

[Appealing points of the Position]

- **Utilize your language skills:** Frequent interaction with overseas clients and business trips provide many opportunities to use Japanese, English, and other languages.
- **Work style:** Flexible working hours, with 123 days off annually, ensuring a good work-life balance.
- **Job responsibilities:** Technical guidance and improvement of bag-making machines, with opportunities for overseas

business trips.

- **Company features:** A leading company headquartered in Kyoto, with a free and employee-driven work environment.

Job Description

You will be responsible for the following tasks related to overseas customers who implement our products:

- Operating adjustments of bag-making machines, delivery to customers, and providing operation instructions, as well as machine improvements, prototypes, technical guidance to customers, operational adjustments, and handling complaints.
- Prototype testing and improvement of new product developments.
- Operating and demonstrating the machines at exhibitions, providing customer explanations, and creating presentation materials.

After joining, you will undergo training at the head office to gain an understanding of the bag-making machines. The duration of the training will vary depending on your experience. After the training, you will take on the role of a representative for overseas clients, working on a business trip basis.

★ With over 75% of our sales coming from overseas, we offer an environment where those with language skills can be involved in a variety of tasks such as responding to emails from overseas clients, attending to visitors, and going on business trips abroad!

Position: Negotiable based on experience

Reason for Hiring:

Expansion of business, primarily overseas, and the need to strengthen the organization to support this growth.
