Job Description

This role manages comprehensive finance and accounting functions, supporting compliance and accurate financial reporting for Japan operations. It also involves close collaboration with the Finance Controller and coordination with global teams.

Client Details

This Japan-based gaming company, founded over a decade ago, specializes in browser-based games inspired by popular anime and manga, offering accessible gameplay across devices. With a well-established gaming platform featuring a wide range of role-playing and strategy titles, the company is steadily expanding its global presence and aims to strengthen its position as a leading player in the IT platform space. Anticipating further growth and upcoming releases, they are seeking a skilled finance and accounting professional to support their ambitious international expansion and organizational development.

Description

- Oversee general accounting tasks, including periodic closings and asset management.
- Ensure adherence to relevant regulations and internal policies.
- Confirm accuracy and integrity of financial records.
- Standardize department processes in line with financial policies.

- Facilitate audits and manage relationships with external partners.
- Contribute to collaborative projects across finance and accounting teams.
