Job Description

- This role leads digital strategy and transformation for a healthcare-focused organization, shaping the future through innovative data and technology solutions. You'll partner with senior leadership to digitize operations and deliver measurable business impact.

Client Details

- Our client is a leading global healthcare organization, renowned for its commitment to improving patient outcomes through advanced technology and innovative strategies. With a forward-thinking culture and a strong emphasis on digital transformation, this organization offers opportunities to shape the future of healthcare.

Description

- Lead Strategy: Develop and execute a digital vision for transformation.
- Drive Innovation: Inspire teams and integrate data-driven decision-making.
- Partner with Leadership: Collaborate with senior executives to implement digital initiatives.
- Oversee Operations: Manage projects and ensure seamless digital adoption.
- Shape the Ecosystem: Build partnerships with external stakeholders to influence digital policies.
- Advise on Trends: Provide insights on industry trends and internal digital capabilities.

Job Offer

- Competitive salary and benefits package.
- Opportunities to work on high-impact projects with senior stakeholders.
- Flexible working environment and career development programs.
- Be at the forefront of healthcare digital innovation.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Ed Marsden on +813 6832 8981.

Required Skills

- Bachelor's degree required; MBA preferred.
- Proven experience in digital transformation, strategic consulting, or commercial operations.
- Strong leadership, stakeholder management, and communication skills.
- Ability to manage cross-functional teams and drive projects within budget and timelines.
- Experience in healthcare, pharma, or technology is a plus.
