Job Description

COMPANY OVERVIEW

An international Japanese non-ferrous parts manufacturer seeks a Sales Engineer. Your role involves securing new projects within the automotive business division, with a focus on car seats.

JOB RESPONSIBILITIES

- Collaborate with sales representatives to understand customer requirements.
- Handle projects with OEM and Tier 1 customers.
- Work with R&D departments in other countries to develop products.
- Address technical problems related to our products.

JOB REQUIREMENTS

- Proficient in professional English communication.
- Knowledge of Computer-Aided Design (CAD) tools for creating 2D and 3D models.
- Experience in coordinating automotive projects, including planning and problem-solving.
- Knowledge of car seats is preferred.

- Willing to travel (up to 50%)

BENEFITS

- 100% home office.
- Access to cutting-edge expertise from an industry leader.
- Opportunity for growth within an international team.

Apply online or feel free to contact me directly for more information about this opportunity. Due to the high volume of applicants, we regret to inform that only shortlisted candidates will be notified. Thank you for your understanding.
