Job Description

Position: Safety (EHS) Manager
Salary: 100,000 THB – 120,000 THB / mth
Working day: Monday - Friday
Location: Pluakdaeng, Rayong
Responsibilities:

- **Injury Prevention:**
 - Develop and implement a comprehensive safety management system focused on preventing work-related injuries and accidents.
 - Utilize data analytics to identify safety trends and prioritize risk mitigation efforts.
 - Implement proactive safety measures, such as hazard identification, risk assessment, and job safety analysis.
- **Safety Culture:**
 - Foster a strong safety culture that emphasizes employee engagement, participation, and accountability.
 - Implement continuous improvement processes to identify and address safety issues.
- **Regulatory Compliance:**
 - Ensure 100% compliance with all relevant statutory requirements, including OHSAS-18001 & ISO-14001 standards under IMS system, local labor laws.
 - Conduct regular audits and inspections to verify compliance and identify potential hazards.

- **Training and Development:**

- Develop and deliver tailored safety training programs to meet the specific needs of contract workers and non-management employees.
- Assess employee competency and ensure that they have the necessary skills and knowledge to perform their jobs safely.

- **Emergency Management:**

- Develop and implement emergency response plans to address potential hazards and incidents.
- Conduct regular emergency drills and training exercises to ensure that employees are prepared to respond effectively.

- **Personal Protective Equipment (PPE):**

- Ensure the proper selection, use, and maintenance of PPE to eliminate or minimize employee exposure to hazards.
- Conduct regular inspections and assessments of PPE to verify its effectiveness.

Qualifications:

- **Education:** Graduate degree in Science, Chemical Engineering, or a related field.
- **Certification:** Bachelor's degree or higher in Industrial Safety Management or equivalent qualification certified by the Thailand Authority.
- **Continuous Learning:** Commitment to ongoing professional development and training in safety management.

Experience:

- Over 10 years of experience in safety and environmental management, **preferably in film or continuous process plants.**
- Demonstrated expertise in risk assessment, incident investigation, emergency response planning, and regulatory compliance.
- Proven ability to lead and develop safety teams.

Skills:

- Strong leadership, communication, and interpersonal skills.
- Analytical and problem-solving abilities.
- Ability to work effectively in a team-oriented environment.
- Knowledge of relevant safety standards and regulations.
- Business English Levels: able to negotiate, give presentations, and participate in high-level discussions.
