Job Description

Position: Consultant-Senior consultant

Experience: Minimum 5-6 years

Salary:

①12000-15000 GBP/ month (1 year contract)

②Up to £70,000 GBP/ year (Permanent)

Location: Onsite at client office (at least 3 days per week), UK working hours

 Expected Tasks:
Primary Tasks:

-

- Plan, create, and execute test scenarios/scripts for package validation testing, SIT, UAT, and regression testing.
- Support issue resolutions, including investigation, discussion facilitation, requirement documentation, retest planning, and execution.
- Support test executions by RPAs, including creating test scripts for RPAs, documenting and providing testing RPA requirements to the RPA team, and coordinating with the RPA team for RPA execution.

Secondary Tasks:

-
- Support transaction data migration, including target data preparation, RPA execution, and data verification.

Required Skillset:

Essential:

-
  - Experience with Eximbills Enterprise implementation and/or maintenance (Modules: IPLC, EPLC, EXCO, IMCO, GTEE).
  - Proficiency in MS Word and Excel, including understanding and utilizing Excel formulas.
  - Business-level English or above.
  - Detail-oriented with the ability to self-manage day-to-day tasks.
  - Ability to self-learn required skills and knowledge where necessary.
  - Proactive and transparent communicator, providing progress visibility and escalating issues immediately.
  - Strong interpersonal skills to work as a team and communicate with stakeholders
  - Ability to work in UK working hours and be onsite at the client office at least 3 days per week.   **Desirable:**
    -
    - Basic knowledge of trade-finance related SWIFT MT7xx, MT4xx, and payment SWIFTs (MT103, MT202, MT202COV).
    - Ability to write and utilize SQL scripts.
    - Experience with web application system tests

If you are a detail-oriented professional with a strong background in trade finance systems and a proactive approach to problem-solving, we encourage you to apply for this exciting opportunity.
