Job Description

COMPANY OVERVIEW

- Our client is the asset management arm of an Asian financial services group that is the largest in the world measured by assets.

JOB RESPONSIBILITIES

- Own and oversee the Organizational Risk Management processes for the purpose of highlighting potential high-risk areas to the management team.
- Reviewing outsourcing and third party management related documents such as policy, procedure, manual, and outsourcing register to comply with the new MAS outsourcing Notice, Guidelines and related documents.
- Ensuring, facilitating and supporting outsourcing process and framework are compliant with MAS Outsourcing Guidelines including consolidation of outsourcing reports to MAS
- Review and maintain the BCM framework to ensure compliance with regulatory requirement.

- Control, facilitate and consolidate BIA/BCP results from the business units
- Develop, review and maintain risk management tools to perform the required assessment
- Enhance the effectiveness of the existing Organizational Risk Management framework

JOB REQUIREMENTS

- At least 4 year of relevant experience (especially hands on experience in outsourcing/ BCP management) in organizational/operational risk management in financial institutions
- Possess good communication skills required to engage stakeholders, escalate issues in a timely manner to management for direction and resolution
- Basic understanding of Financial Markets and Risk processes (from risk reporting to Post-approval monitoring)
- Has good understanding of risk management process and implementing process controls. Experience in working/implementing such method
