Job Description

JOB RESPONSIBILITIES

- Plan, prioritize and manage assigned projects, involved in the areas of pre-planning, budgeting, resources allocation, contract negotiation, drawings submission, progress claim, and worker coordination, to ensure that the team's resources are used effectively, and project deadlines are met.
- Supervise construction site personnel and subcontractors, client & consultant, attend weekly project progress meetings, and monitor compliance with building and safety codes and regulations.
- Minimize the costs of project and enhance value for money, while still achieving the required standards and quality projects.
- Ensuring the timely, budget control, and cost-effective completion of construction projects.
- Generate reports focusing on project progress, job status, and costs. Attend weekly or biweekly meetings to present progress information to superiors.

- Collaborating with engineers, architects, designers, and subcontractors to determine the specifications of the project
- Obtaining permits and licenses from appropriate authorities
- Determine needed resources (manpower, equipment, and materials) from start to finish with attention to budgetary limitations
- Plan all construction operations and schedule intermediate phases to ensure deadlines will be met
- Manage/monitor all construction works performed and ensure a clear communication line with client, outlining any challenges and providing progress updates.
- Review all contracts to ensure compliance is maintained, project completion within budget, quality & safety requirements
- Manage all OHS compliance, reporting immediately any accidents/Incidents and ensure all OHS guidelines and procedures are adhered to always.
- Develop and maintain document control system, ensure timely updated of drawings, corresponding.
- Follow up and monitor subcon agreement, pricing, prepare V.O claim, progress claim, claims status & summary
- Preparation of payment response, certifications, breakdown, payment summary, and other supporting documents
- Conduct regular planned meetings updating project staff and providing reports for Senior Management.
- Ensure work is done in compliance with all relevant building and safety codes.

JOB REQUIREMENTS
