Job Description

Company and Job Overview

We are an MNC specializing in the manufacturing of engineered parquet and laminated flooring. We have 105 locations all over the globe, 30 of which are production sites. To strengthen our business and lay a strong foundation for the future, we are always on the lookout for talent. Join us as Production Manager and be part of our strong, dynamic and innovative team.

Job Responsibilities

- Maintain and stimulate safety and housekeeping awareness of staff through training, motivation, discipline and celebration
- Monitor the daily/weekly aspects of the production lines performance through KPI setting and follow up on Safety, Quality, Productivity, Service and Cost
- Continuous follow-up and communication with other production - and supporting Quality, Engineering, Maintenance, etc. departments
- Create the right structure and systems to deliver excellence. Finds ways to work more efficient and make the best of the teams available time.
- Monitor and lead changes, sponsor action plans, initiate capex;
- Ensure shop floor resource planning is adequate in correlation with production workload versus planning
- Oversees the analysis and review of budgets, schedules, production requirements and headcount to determine the

most cost effective and efficient methods of obtaining the goal.

- Ensure the department's procedure and working instruction are up to date and compliance with ISO 9001 requirement
- Consistently assess and recommend the best method for process improvement

Job Requirements

- Bachelor Degree in relevant field
- Min of 5 - 7 years' production-related experience in managerial role.
- Adaptable, safety-conscious
- Good communication and leadership skills including coaching, motivating and right people management approach
- Knowledgeable in department budgeting processes
