Job Description

Company and Job Overview

A leading provider of integrated manufacturing technology solutions is currently hiring for the position of Head of IT. This role will lead the IT Corporate department, overseeing all technology operations and ensuring the alignment of IT strategies with business goals.

Job Responsibilities

- Strategic Leadership
 - Develop and implement IT strategies that align with the organization's objectives and enhance operational efficiency.
 - Collaborate with executive leadership to drive digital transformation initiatives.
 - Act as a key advisor to the Exco on strategic IT planning and industry trends.
- Team Management
 - Lead, mentor, and develop the IT team, fostering a culture of collaboration and continuous improvement.
 - Promote continuous improvement through training programs and knowledge-sharing sessions.
 - Budget Management
 - Manage/oversee the IT budget, ensuring cost-effective solutions and resource allocation.
- Project Oversight

- Manage/oversee IT projects from conception to completion, ensuring timely delivery and adherence to quality standards.
- Technology Evaluation
- Assess and implement new technologies to enhance operational efficiency and support business growth.
- Security Management
 - Ensure and direct cybersecurity measures of IT systems and data, implementing best practices and compliance with regulations.
 - Ensure compliance with industry standards, regulatory requirements, and corporate policies.
 - Implement and manage access controls, transport management, and secure communication channels.
- Stakeholder Collaboration
 - Work closely with other departments to understand their technology needs and provide effective solutions.
- Vendor Management
 - Manage relationships with external vendors and service providers to ensure quality, cost-effectiveness, and timely delivery.
 - Coordinate staff augmentation efforts to support dynamic business needs.
 - Oversee corporate licensing and contractual obligations with third-party providers.

Job Requirements:

- Bachelor's degree in Information Technology, Computer Science, or a related field.
- Minimum of 10 years of experience in IT management, with at least 5 years in a leadership role.
- Extensive knowledge of IT infrastructure, including servers, networks, databases, and cybersecurity.
- Proficiency in project management methodologies and tools.
- Experience with ERP systems, cloud computing, and digital transformation initiatives.
- Strong understanding of IT governance and compliance standards.

Apply online or feel free to contact me directly for more information about this opportunity. Due to the high volume of applicants, we regret to inform you that only shortlisted candidates will be notified. Thank you for your understanding.
