#### Job Description

As an Account Manager in semiconductor inspection and metrology division, you will be responsible for managing client accounts in Japan. Your responsibilities will include working closely with customers to address their technical concerns to ensure customer satisfaction and account profitability.

#### Client Details

Our client is a global manufacturer of semiconductor manufacturing equipment. Founded in 1984 and with over 40,000 employees globally, our client boasts a strong global presence in over 60 locations and is in the forefront of innovation and technology in the semiconductor manufacturing equipment field.

#### Description

- Address and understand customers' technical requirements and challenges to tangible solutions.
- Collaborate with internal teams and customers to develop most efficient solutions.
- Generate and oversee customer adoption strategies for new solutions.

#### Job Offer

- Annual Salary up to 10,000,000 JPY, including bonuses and incentives.
- Flexible work environment, with a chance to work from home 2 days/week.
