Job Description

As an ICT Procurement Specialist, you will play a critical role in developing and executing procurement strategies that enhance our organizational capabilities, ensuring we stay ahead in the rapidly changing ICT landscape.

Client Details

Our client is a forward-thinking organization committed to innovation and excellence. Our long-term management plan for the future emphasizes "ICT that accelerates value creation" as a key organizational capability. Join us in driving this vision forward through strategic ICT procurement.

Description

- **Strategy Formulation:** Develop and implement ICT procurement strategies to meet business needs and drive results.
- **Supplier Selection:** Identify and select suppliers that meet digital ICT requirements, ensuring the best fit for our business.
- **Negotiation:** Assess proposals, negotiate terms, and secure fair prices for ICT services.
- **Market Analysis:** Analyze sourcing data and stay informed on domestic and international ICT trends.
- **Relationship Management:** Build and maintain strong relationships with key suppliers and stakeholders.
- **Global Procurement:** Explore and implement joint procurement opportunities, including global initiatives.

Job Offer

- Unique Opportunities: Involvement in all ICT projects across the Group's companies, building a broad network in the ICT industry.
- Career Growth: Valuable experience for those aspiring to become CIOs or leaders in the ICT industry.
- Dynamic Environment: An attractive setting for expanding your scope from project-based to business-based activities.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Peryhan Essam on +813 6832 8691.

Required Skills

Must-Have:

- Experience in project management of ICT projects
- Ability to conceptualize and select appropriate suppliers based on business needs

Preferred:

- Experience in supplier selection, negotiation, and contract execution
 - Experience in ICT strategy development
 - Interest in new technologies and willingness to take on challenges
 - Strong communication and negotiation skills
 - Ability to build trusting relationships with business units and suppliers
-
