Job Description

Salesforce Lead Developer to work with a life insurance client, focusing on

Client Details

The client is a prominent company in the life insurance industry, leveraging Salesforce technologies to enhance customer experience and operational efficiency. They are focused on implementing cutting-edge solutions using the Salesforce platform, including Salesforce Lightning, Service Cloud, and Marketing Cloud.

Description

- **Manage** Salesforce platform administration and development.
- **Deliver** custom applications using Apex and Visualforce.
- **Troubleshoot** and resolve issues with Salesforce integrations.
- **Drive** adoption of best practices in Salesforce implementations.

Job Offer

- **Competitive Salary and Benefits:** Attractive compensation package with performance incentives.
- **Flexible Work Environment:** Hybrid working model with 2-3 office days per week (project-based).
- **Professional Growth:** Opportunity to lead innovative Salesforce projects and gain hands-on experience with cutting-edge technologies like Salesforce Lightning, Service Cloud, and Marketing Cloud.
- **Learning Opportunities:** Stay updated with the latest Salesforce features and best practices, with opportunities for upskilling and career advancement.
- **Collaborative Culture:** Work alongside a diverse and experienced team in a globally recognized company.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Aldiyar Arslan at +813 6832 8925.

Required Skills

- 3-5 years of Salesforce development experience and project management skills.
 - Proficiency in Apex, Visualforce, and Salesforce administration.
 - Business-level Japanese communication ability.
 - Strong problem-solving and teamwork skills.
-
