Job Description

COMPANY OVERVIEW

An established medium-sized company based in Jena with a history of over 30 years and part of a global group with production sites in Germany, Japan, and the USA is currently looking for a Machine Operator (m/f/d). This company supplies products for drive technology to various industries including machinery, semiconductor, optics, medical technology, aerospace, and many others.

JOB RESPONSIBILITIES

- Programming, setting up, or operating various machines
- Manufacturing precision components made of metal using turning, milling, grinding, or hardening machines
- Inspecting the manufactured components for dimensional deviations and, if necessary, independently correcting them

JOB REQUIREMENTS

- Successfully completed vocational training as a machine and plant operator, ideally in the metalworking industry, or a strong interest in the described activities
- Proactive working style and a high level of quality awareness
- High level of commitment and team spirit
- Willingness to work in shifts (2 or 3 shifts)

Apply online or feel free to contact me directly for more information about this opportunity. Due to the high volume of applicants, we regret to inform that only shortlisted candidates will be notified. Thank you for your understanding.
