Job Description

Industry: Mining Services
Key Responsibilities:

- Understand and navigate the Indonesian business environment, ensuring compliance with statutory regulatory requirements.
- Ensure all operational employees are trained and certified to perform tasks as per regulations and customer requirements.
- Accountable for the safe operations of equipment and manufacturing plants.
- Maintain high standards for product quality and ensure adherence to specifications.
- Oversee the quality of blasting services, ensuring compliance with regulatory and contractual obligations.

- Ensure the use of permitted and approved raw materials in manufacturing processes.
- Contribute to business strategy development and translate strategies into specific operational objectives.
- Direct the implementation of policies and procedures to enhance operational efficiency and safety.

Requirements:

- Bachelor's degree in Mining Engineering or related field; Master's degree preferred.
- Proven experience in operations management within the mining industry.
- Strong understanding of Indonesian regulatory requirements related to mining operations.
- Excellent leadership and communication skills.
- Ability to manage multiple priorities in a fast-paced environment.
- Fluent in English and Bahasa Indonesia.
