Job Description

- Manage FinTech projects by analysing client needs, proposing tailored solutions, and ensuring smooth execution while fostering strong customer relationships.
- Leverage your project management and consulting expertise, with fluency in Japanese and conversational English required.

Client Details

- The client is a leading company in the FinTech sector, specialising in innovative financial solutions that streamline payment processing, optimise data analytics, and enhance customer experiences.
- They cater to a wide range of industries, helping businesses modernise their operations and achieve greater efficiency. With a 50/50 mix of Japanese and international employees, they cultivate a dynamic, multinational environment where collaboration thrives in both Japanese and English, fostering creativity and cross-cultural communication.

Description

- **Developing Client Solutions:**
 - Identify client challenges and evaluate their current processes to uncover key pain points.
 - Partner with internal teams to design and present customized solutions that meet client goals.
- **Managing Projects:**
 - Ensure smooth project execution by managing timelines, resources, and deliverables.
 - Track and report on key performance indicators, including progress, costs, and pipeline updates.
- **Building Client Relationships:**
 - Establish and maintain strong relationships with clients to understand their needs.
 - Drive business growth by identifying opportunities for service enhancements and expansion.
- **Improving Processes:**
 - Develop and implement strategies to enhance customer engagement and streamline operations.
- **Collaborating Across Teams:**
 - Work with cross-functional teams to ensure seamless project delivery.
 - Effectively communicate with stakeholders in both Japanese and English.

Job Offer

- **Competitive Salary:** Attractive compensation package.
- **Remote Work:** Flexible remote work options for a balanced lifestyle.
- **Multinational Work Environment:** Work in a diverse team with both Japanese and international colleagues, promoting communication in Japanese and English.
- **Career Growth:** Opportunities for professional development and advancement within a dynamic FinTech company.

Required Skills

The ideal candidate is an experienced professional with a background in IT or FinTech project management and consulting or upstream experience at an SIER. They excel at identifying client needs, creating tailored solutions, and ensuring smooth project delivery.

Key Traits:

- **Bilingual:** Native-level Japanese and conversational English.
- **Tech-Savvy:** Knowledgeable in IT systems and consulting practices with hands-on experience delivering solutions. Experience in project management or upstream processes.
- **Collaborative:** Effective in a diverse, multinational team environment.
- **Client-Focused:** Strong at building trust, solving problems, and driving growth.
