#### Job Description

As a Renewable Energy Asset Manager, you will be responsible for managing and optimizing the performance of a portfolio of renewable energy assets. You will also monitor project development, ensuring compliance with regulations and agreements.

**Client Details**

We represent a well-established, mid-sized organization in the renewable energy industry. With a dedicated team, the organization operates globally, offering services in a wide range of fields such as energy and natural resources. The company is headquartered in Minato-Ku, Japan.

**Description**

- Manage a portfolio of renewable energy assets to maximize their performance.
- Monitor project development, ensuring compliance with regulations and agreements.
- Conduct due diligence on potential new investments.
- Prepare and manage budgets and financial forecasts for the assets.
- Coordinate with stakeholders to resolve issues and achieve project objectives.
- Monitor market trends and regulatory changes in the energy sector.
- Prepare regular reports on asset performance and market conditions.
- Develop strategies for risk management and asset optimization.

**Job Offer**

- Standard benefits as per industry norms.
- Opportunity to work in a professional and collaborative environment.
- Chance to make a significant impact in the renewable energy sector.
- Workplace located in the bustling city of Minato-Ku.

If you are a passionate professional looking to make a difference in the renewable energy sector, apply today to join our team as a Renewable Energy Asset Manager.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Francois Fleury at +81 3 6832 8674.

---

**Required Skills**

- A degree in Engineering, Business, or a related field.
- Experience in managing renewable energy assets.
- Strong financial and analytical skills.
- Knowledge of energy market regulations and trends.
- Strong communication and negotiation skills.
- Ability to work well in a team and manage multiple tasks.
