Job Description

Company and Job Overview

A financial shared service company specializing in manufacturing is seeking for a Senior Manager in Project Management department. This role requires an individual capable of managing large scale projects, related to finance & accounting function.

Job Responsibilities

- **Manage and Oversee Projects:** Handle large projects, plan the roadmap, manage finances, prioritize tasks, execute projects, and report on progress and risks.
- **Plan and Track Progress:** Create milestone plans, manage changes, control scope, quality, schedule, cost, and contracts, and measure program benefits against goals.
- **Facilitate and Communicate:** Approve business cases, share and prioritize resources, manage communications,

engage stakeholders, and ensure alignment with strategic goals.

- Continuous Improvement and Closure: Oversee testing, improve processes, manage project closure, mentor project managers, and maintain stakeholder relationships.

Job Requirements

- 10 years of Project Management methodology required.
- PMP or Scrum Qualification preferred.
- Experience in Project Management related to finance & accounting function is highly preferred.
