Job Description

Position: QC Staff
Products: Food

MAIN SCOPE OF WORK

Responsible for quality inspection tasks for food products (shrimp, fish, etc.) at food processing factories.

- Overview is as follows:
 - Read material composition tables, manufacturing processes, instructions, etc., to understand expectations and official standards for product quality.
 - Inspect raw materials received from suppliers, evaluate quality, and ensure compliance with food safety and hygiene standards.
 - Select product samples from the output and inspect them using appropriate methods (measure dimensions, weight, color, compare against product specifications, etc.).
 - Perform other complex testing and inspection procedures (if necessary).
 - Maintain inspection records, information, and various data such as the number of defective products each day.
 - Monitor procedures throughout the entire production process to ensure efficiency and compliance with food safety and hygiene standards.
 - Prepare and submit reports to the Quality Manager or higher management levels.
 - Carry out periodic reports as required.

REQUIREMENTS

- **Language Skills:** Proficiency in Japanese (JLPT N2~ level).
- **Experience:**
 - No prior experience in the food industry is required as training will be provided by the factory.
 - **Education:** Bachelor's degree or higher.
 - Must be willing to travel frequently (within Vietnam and to Japan)
- **Other Skills:**
 - Strong communication and negotiation skills.
 - Detail-oriented, highly organized, and able to manage multiple tasks.
