Job Description

COMPANY OVERVIEW

Join a pioneering team dedicated to excellence in acoustics and sound technology. With a rich heritage of innovation, our mission is to enhance the auditory experience in various environments, including educational institutions, concert halls, airports, and sports arenas. The company's global presence is bolstered by a strong partnership with their parent company in Japan, through which they design, manufacture, and distribute cutting-edge communication technology products. The company's commitment to creating the perfect sound drives them forward, and they invite you to be a part of this journey.

JOB RESPONSIBILITIES

- Interpret and work with technical drawings, including rack installation diagrams, wiring diagrams, system block diagrams, equipment layout diagrams, fabrication drawings, specification sheets, and schematic diagrams
- Perform assembly, maintenance, repair, and troubleshooting of electrical racks and cabinets for acoustic systems, including amplifiers, microphone systems, mixers, and related units.
- Full-time, 100% on-site work.

JOB REQUIREMENTS

- 2-3 years of experience as an electrical technician is required. Equivalent qualifications (such as an Ausbildung) may be considered.
- Intermediate proficiency in English (B1 or above) and German (B1 or above) with strong communication and presentation skills.

PREFERRED SKILLS AND EXPERIENCES

- Experience working with Japanese companies or a strong understanding of Japanese business culture is advantageous.
- Familiarity with electronic components or acoustic devices is desirable.

BENEFITS AND OTHERS

- Annual Leave: 30 days of holiday per year
- Working hours: 38.5 hours/week.
- Fresh fruit and drinks are available
- A supportive and collaborative team atmosphere.
- Comprehensive onboarding and ongoing training programs.
