#### Job Description

This role calls for a dedicated and strategic Purchasing & Planning Senior Specialist with a focus on the FMCG industry. The ideal candidate will have a strong background in Logistics and demonstrate a keen eye for detail.

#### Client Details

Our client is a large organization in the FMCG industry with a global presence. With a strong focus on innovative and high-quality products, they are a leader in their field, boasting a substantial portfolio of popular consumer goods.

#### Description

- Procurement planning and execution linked to demand planning based on understanding of FTS (Forecast to Supply) flow
- Inventory management, 3PL management and support
- Date to secure the food quality and E&O management
- Proper import processing in accordance with knowledge of international logistics and trade
- Procurement KPI setting and tracking
- A thorough understanding of product life cycles and appropriate management, planning, and adjustment
- Reducing stockouts while maintaining appropriate inventory levels to achieve inventory and turnover targets

- Prompt import processing, inventory management, and expiration date management using 3PL
- 3PL inventory cycle counts and physical inventory counts
- Import and domestic delivery troubleshooting
- 3PL and external vendor assembly management
- Changing core systems, testing additional processing, and migrating to production environment
- Handling customs post-mortem investigations and internal and external audits

#### **Job Offer**

- Comprehensive insurance benefits.
- A supportive work environment that encourages professional growth.
- An opportunity to work in the vibrant FMCG industry in Yokohama.
- Competitive salary package !

If you're a Purchasing & Planning Senior Specialist looking for a rewarding career in the FMCG industry, this is a fantastic opportunity. Apply now and take the next step in your professional journey.
