Job Description

This position is an excellent opportunity for a Java/Tech lead who is passionate about leading a team and making significant contributions in the retail sector. The successful candidate will be responsible for driving the technological advancement of a large organization based in Tokyo.

Client Details

Our client is a large organization within the retail industry. With a global reach, it has a strong presence in Tokyo, and is known for its commitment to innovation and excellence. The company values teamwork and encourages its employees to constantly push boundaries to achieve remarkable results.

Description

- Oversee the design, development, and implementation of Java-based applications.
- Lead a team of developers, fostering a collaborative and innovative environment.
- Ensure adherence to best practices and coding standards.

- Evaluate new technologies and software products to determine feasibility and desirability of incorporating their capabilities within the company's products.

Job Offer

- Long-term renewable haken contract
- Potential to covert permanent employee in the future
- Competitive salary
- Attractive benefits
- International work environment
- Work hours: 9:00~17:30 Monday to Friday

This is a fantastic opportunity for a Java/Tech Lead looking to make a significant impact in a large organization. We encourage all qualified candidates to apply.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Hikari Takamura on +813 6832 8903.

Required Skills

A successful 'Java/Tech Lead' should have:

- Proficiency in Java and other relevant programming languages.
- Demonstrated leadership skills and the ability to foster a collaborative team environment.
- Strong problem-solving skills and the ability to think critically.
