Job Description

A global construction and engineering firm present in 60 locations worldwide providing innovative solutions and services such as Construction Design, Construction Management, Engineering and Property Development are looking for experienced **Senior Shop Drawing Managers** to join their team for the design and construction project of the world's largest logistics center in Selangor

JOB RESPONSIBILITIES

- Responsible for the production of detailed shop drawings and the supervision, management, and verification of all types of shop drawings• Collaborate with pertinent departments to submit technical and detailed shop drawings for approval, including consultants and authorities.
- Ensure all technical CSA / comprehensive shop drawings adhere to the pertinent codes and regulatory requirements.

- Ensure that all shop drawings are constructed in accordance with the site's requirements, are practical, and are easily comprehensible, and meet the client's needs.
- Capable of meticulously integrating the general drawing with the subcontractor's drawing and reviewing the drawings in detail.
- To oversee the coordination and shop drawings of all projects and miscellaneous works in collaboration with relevant Project Managers and subcontractors/suppliers.

JOB REQUIREMENTS

- Diploma/Degree in Engineering, Architecture or equivalent
- Minimum 15 years of working experience including as a site engineer (QA/QC)
- Proficient in Software such as Revit will be advantageous
- Open to be based at project site located in Selangor
