Job Description

About the Client:

Our Client is a manufacturer and supplier of a complete range of pneumatic conveying components of high quality to various industries with the main focus in the ASEAN region. Their first operations started in Cilegon in 1996 being supported by their Head Office in Singapore but became officially an independent PT in 2016. Other locations include India and Malaysia, where their main factories and other offices are situated in , and most recent in 2016 in Indonesia

They are looking for a Sales Engineer with sales experience handling Valves, Couplings, Fittings, Fluidizers, Magnetics, Sterivalves or Mechanical components. Their Sales offices are located in the JABODETABEK area (Cikarang & Jakarta) and Surabaya. They are looking to place a Sales Engineer in their Jakarta and Surabaya office.

Job Description & Requirements:

- 4-5 years experience, Mid to Senior Position. (Preferably Sales Engineer or related position)
- Experience selling Valves, Couplings, Fittings, Fluidizers, Magnetics, Sterivalves or Mechanical components.
- Involved in full Sales process, end to end.
- Looking for individual contributor, similar industry if not same.
- Technical knowledge is important
- The Sales Engineer will aim to penetrate new customers.
- Direct report to Director & Factory Manager
- Active Driving License & Personal Vehicle (SIM A & C)
