Job Description

Qualifications:

- Minimum 5 years in interior contracting, with a focus on large-scale projects.
- Bachelor's degree in architecture, Civil/Mechanical/Industrial Engineering, or Interior Design.
- Proficient in reading and interpreting layout drawings.
- Strong design sense and understanding of aesthetics.
- Skilled in software such as AutoCAD and Photoshop.
- Excellent coordination skills with teams including costing, technical support, PPIC, sales, and customers.
- Proven ability to monitor and optimize operational processes, particularly in furniture manufacturing.
- Detail-oriented, with a solid understanding of the interior contracting industry.
- Strong communication and problem-solving abilities.
- Service-minded, proactive, and solution-oriented.

Job Responsibilities:

- Develop and execute operational strategies to meet production, quality, and company targets.
- Manage projects from initial leads, technical support (layouts, costing, RAB), and procurement to final sales order processing and billing.
- Ensure timely production, installation, and project delivery for both private and government clients.

- Work with teams across Sales, Technical Support, PPIC, Supply Chain, QC, Production, Finance, and R&D to align project execution.
 - Provide technical and non-technical solutions for internal and field challenges.
 - Improve operational workflows to enhance productivity and quality.
 - Implement new innovations in furniture and interior contracting processes.
 - Regularly report progress, challenges, and solutions to senior management.
