Job Description

A multinational restaurant chain is seeking a highly skilled Construction Project Manager to join their team in Malaysia.

Main Responsibilities of the Project Manager role:

- Develop project plans and manage project budgets.
- Supervise construction sites to ensure compliance with safety regulations, quality standards, and project specifications.
- Develop and manage project schedules, set milestones, and monitor progress to ensure timely completion of the projects.
- Coordinate the procurement and installation of specialized food and beverage processing equipment, ensuring seamless integration into the facility.
- Prepare and review technical drawings and documents for submission.

Key Requirements:

- 3-5 years of experience in construction project management.
- Efficient, organized, motivated, able to multitask.
- Strong coordination and flexible resolution skills.
- Efficient time management and attentiveness to details.
