Job Description

COMPANY OVERVIEW

Our clients are a Smart home-device company. As the industry leader in smart living technology, we design, develop and supply smart intercom and smart home solutions for global mid-to-high-end markets.

JOB RESPONSIBILITIES

- Communicate to explore customer project requirements and provide reasonable solutions to help customers secure projects.
- Train customers on product technical knowledge to help them quickly become familiar with product solutions.
- Write product technical documentation to help customers quickly become familiar with product configurations.
- Quickly resolve customers' daily product technical issues to ensure customer satisfaction with the service.

JOB REQUIREMENTS

- Bachelor's degree or above, with a preference for majors in computer science, electronics, telecommunications, or other related fields of science and engineering.
- Work experience in testing or technical support is preferred.
- Good communication, expression, analytical summarization abilities, and team spirit are required.
- Professional Requirements: No specific major required, but communications and computer-related majors are preferred; proficiency in Chinese is necessary as communication with Chinese stakeholders is required.

Working Location: Singapore

Apply online or feel free to contact me directly (via email: charlotte.guo@jac-recruitment.com) for more information about this opportunity. Due to the high volume of applicants, we regret to inform that only shortlisted candidates will be notified. Thank you for your understanding.
