About the Role: Our client, a leading company in the electronics manufacturing industry, is seeking a talented Japanese Interpreter (JP-TH) to join their team. This role is crucial for facilitating effective communication between Japanese and Thai teams and ensuring smooth operations.

Key Responsibilities:

- Provide accurate and timely interpretation during meetings, conferences, and other business interactions between Japanese and Thai-speaking staff.
- Translate technical documents, manuals, and other materials related to electronics manufacturing from Japanese to Thai and vice versa.
- Assist in the preparation of reports, presentations, and other communication materials.

- Support Japanese expatriates in understanding local business practices and culture.
- Facilitate smooth communication and collaboration between Japanese and Thai teams to ensure project success.
- Handle confidential information with discretion and professionalism.

Candidate Requirements:

- Fluency in Japanese both written and spoken, require JLPTN2 level or above.
- Proven experience as an interpreter, preferably in the electronics manufacturing industry.
- Strong understanding of technical terminology related to electronics manufacturing.
- Excellent communication and interpersonal skills.
- High level of professionalism and attention to detail.
- Ability to work independently and as part of a team.
- Proficiency in Microsoft Office Suite and other relevant software.

Benefits:

- Competitive salary
- Opportunity to work in a dynamic and innovative industry.
- Professional development and career advancement opportunities.
- Supportive and multicultural work environment.

How to Apply: If you meet the above criteria and are interested in this exciting opportunity, please submit your resume and a cover letter detailing your qualifications and experience by clicking "APPLY"
