Job Description

Company Profile

A leading fintech company in Tokyo is seeking a talented Senior Front-end Engineer to join their innovative team. This role offers a unique chance to work on cutting-edge payment solutions that are transforming the e-commerce landscape in Japan.

The Role

- About the Role:
As a Senior Frontend Engineer, you'll be at the forefront of developing and improving user experiences for both consumers and merchants. You'll work on a variety of projects, from consumer-facing applications to merchant tools and internal systems.
- Key Responsibilities:

Develop and enhance React and React Native applications for multiple platforms
Create intuitive and efficient user interfaces for complex financial products
Collaborate with cross-functional teams to deliver high-quality solutions
Contribute to the evolution of the company's front-end architecture and best practices.

Your Skills

- Required Qualifications:

Degree in Computer Science, Engineering, or equivalent practical experience
Strong experience with React.js and React Native
Proficiency in modern JavaScript (ES6+) and related tools (Redux, Webpack)
Experience integration of APIs for iOS and Android platforms
Familiarity with native mobile development tools (Xcode, Android Studio)
Experience with performance optimization and accessibility in web applications
Ability to write clean, maintainable and well-tested code
Strong problem-solving skills and attention to detail
Excellent communication skills in English

- Preferred Qualifications:

Experience with in Fintech domain or payment products
Familiarity with B2C user experience design
Knowledge of TypeScript and Flow

Location

Tokyo

Salary

6M JPY - 8.5M JPY

Selling points

- Opportunity to work on products used by millions of consumers in Japan
- English working environment
- Collaborative and innovative work environment
- Continuous learning and professional growth opportunities
- Competitive salary and benefits package with high working flexibility like remote work and full flex time
