Job Description

Company & Job Overview

A rapidly growing semiconductor industry company in Penang mainland is seeking for a Finance manager (Fixed asset) to help the business to oversee and managing a company's fixed assets, such as real estate, equipment, and other tangible assets. This role requires at least 10 years of experience in Finance, Accounting, and Reporting, with at least 5 years in a leadership role.

Job Responsibilities

- Oversee financial accounting functions, including the review of journal entries and reporting.
- Manage the timely and accurate monthly close processes and daily operations for global entities in line with US GAAP, while ensuring statutory financials are properly maintained.
- Ensure effective internal controls and compliance with GAAP, as well as international and local financial and tax reporting regulations.

- Maintain SOX compliance by adhering to internal control requirements, keeping documentation up-to-date, and providing recommendations as needed.
Identify and mitigate risks or fraud with appropriate controls and solutions.
- Lead and drive process improvements, automation, standardization, and other assigned projects or tasks.
- Engage proactively with partners to resolve challenges and recommend necessary improvements and solutions.

Job Requirements

- Degree in Finance/Accounting, or professional qualifications such as CA, ACA, ACCA, or CIMA.
- Over 10 years of experience in Finance, Accounting, and Reporting, with at least 5 years in a leadership role.
- Preferred experience in shared services, particularly in fixed assets, and/or audit.
- Strong knowledge of US GAAP, IFRS, and local accounting standards.
- Proven team player with experience in dynamic organizations and the ability to build strong relationships with stakeholders.
- Excellent communication and influencing skills, with the ability to challenge the status quo when necessary.
- Strong analytical skills with a deep understanding of business principles and practices.
- Demonstrated success in team development, process efficiency, quality improvement, and financial innovation.
- Maintain a positive customer service focus for both internal and external customers, including audit and statutory engagements.
- Agile and flexible in handling ad hoc tasks, projects, and challenges.

Benefits

- Hybrid & Flexi hour
- Contractual & performance Bonus
