Job Description

We are seeking a proactive Senior Finance Manager with a solid background in accounting and controlling, open to candidates from various industries, including but not limited to Life Sciences. The ideal candidate should possess strong analytical skills, be fully bilingual in English and Japanese, and excel as a strategic business partner.

Client Details

We are partnering with a global leader in the medical technology sector, known for its innovative solutions and strong commitment to improving patient outcomes. With a wide portfolio that spans various therapeutic areas, this company is at the forefront of transforming healthcare through cutting-edge technologies and a focus on quality and sustainability. They offer a dynamic work environment where collaboration and continuous development are key to driving growth and making a lasting impact on global healthcare.

Description

- Oversee the company's accounting operations, including the production of financial reports.
- Ensure compliance with financial regulations and standards.
- Provide analytical support to all departments and management teams.
- Develop and maintain financial accounting systems for cash management, accounts payable, accounts receivable,

and credit control.

- Collaborate with internal teams and external partners to drive financial planning.
- Manage budgeting and forecasting activities.
- Provide strategic recommendations to enhance financial performance and business opportunities.

Job Offer

- An attractive compensation package and employee benefits.
- A vibrant and international work environment.
- Opportunities for professional growth and advancement within the Life Science industry.
- A supportive culture that values teamwork and innovation.

We encourage all candidates who meet the above criteria to apply for this exciting opportunity in the Life Science industry.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Saki Kanematsu at +81 3 6832 8904.

Required Skills

A successful Senior Finance Manager should have:

- A strong background in accounting and controlling.
- Robust analytical skills and an ability to translate complex financial data into actionable business insights.
- Proven experience as a business partner.
- Bilingual proficiency in English and Japanese.
