Job Description

COMPANY OVERVIEW

This company focuses on the research and development of pharmaceuticals for rare diseases.

It is dedicated to providing high-quality medicines to improve the health and quality of life of patients. The company is a leader in the field of orphan drugs (medicines for rare diseases) and collaborates with major pharmaceutical wholesalers to establish an efficient distribution network.

JOB RESPONSIBILITIES

- Inventory Management:
 - Optimize inventory levels and implement strategies to prevent overstock and stockouts.
 - Analyze inventory data to identify trends, risks, and propose improvements.

- Distribution Management:
 - Design and maintain an efficient logistics network to ensure the prompt and safe delivery of pharmaceuticals by collaborating with partner company.
 - Ensure visibility across the entire supply chain and promote real-time information sharing.

JOB REQUIREMENTS

- Practical experience in supply chain management, logistics, or inventory management (preferably in the pharmaceutical industry).
- Business-level English and German reading, writing, and speaking skills.
- Flexibility and ability to work effectively in a team.

BENEFITS

- Growth opportunities from a diverse range of activities.
- Partial home office options.

Apply online or feel free to contact me directly for more information about this opportunity. Due to the high volume of applicants, we regret to inform that only shortlisted candidates will be notified. Thank you for your understanding.
