Job Description

This position is for a Sr. Manager in the Industrial / Manufacturing industry. A successful candidate would be instrumental in leading our Procurement & Supply Chain department, driving strategic initiatives, and achieving key business objectives.

Client Details

Our client is a large organization within the Industrial / Manufacturing industry. They pride themselves on their global reach, with operations in numerous countries around the world. They are recognized for their innovation, quality, and commitment to customer service.

Description

- Lead the Procurement & Supply Chain department, implementing strategic initiatives and managing a high-performing team.
- Develop and manage relationships with suppliers, ensuring quality control and cost-effectiveness.
- Drive continuous improvement initiatives within the supply chain to enhance efficiency and productivity.

- Collaborate cross-functionally with other departments to align supply chain strategies with overall business objectives.
- Oversee the development and implementation of supply chain analytics and reporting tools.
- Ensure compliance with industry regulations and company policies.
- Manage risk within the supply chain and devise mitigation strategies.
- Travel as required to oversee supplier relationships and operations.

Job Offer

- Opportunities for professional growth and development.
- The chance to travel and work with diverse teams across the globe.
- A positive company culture that values innovation, quality, and customer service.

We encourage all qualified candidates to apply and join our dynamic team. This is an opportunity to make a significant impact in a leading organization within the Industrial / Manufacturing industry.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Francesco Pedrielli at +81368328644.

Required Skills

A successful Sr. Manager should have:

- Bachelor's degree or higher .
- Extensive experience in supply chain management, including strategic planning and team leadership.
- Proven ability to build and manage supplier relationships.
- Strong analytical skills, with a focus on supply chain analytics and reporting.
- Excellent communication and cross-functional collaboration skills.
