Job Description

Our client is a new start up Halal food manufacturing well-established company from Japan. They are setting up new factory in Johor Bahru, Gelang Patah area.

KEY RESPONSIBILITIES

- Lead the overall operations of the factory, including production, quality control, logistics, and maintenance.
- Develop and implement operational strategies, processes, and systems to optimize production efficiency and cost-effectiveness.
- Ensure adherence to all food safety, health, halal and regulatory compliance standards (e.g., HACCP, GMP, ISO, Halal).
- Manage the setup and commissioning of the new factory, including coordination with suppliers, contractors, and government authorities.

- Oversee resource allocation and manage labour, materials, and equipment to ensure timely production and delivery.
- Lead and motivate a diverse team, providing training and development to ensure high performance.
- Collaborate closely with the Supply Chain, Quality Assurance, and Japan teams to align production goals with overall business objectives.
- Manage the budget for the operations department and ensure cost control measures are in place.

JOB REQUIREMENTS

- Degree in Engineering, Food Science or related field.
- Minimum 7 to 10 years of experience in manufacturing preferably with food manufacturing experience..

Interested applicants feel free to apply online or contact Sue Sin for more information. #LI-JACMY
