Job Description

Our client is a leading manufacturer of off-the-road tires and wheels, headquartered in Chonburi. They are currently seeking a QA Manager with the following details:

<u>Position:</u>	QA Manager
<u>Salary:</u>	60,000 – 80,000 THB / month
<u>Welfares:</u>	Bonus
<u>Location:</u>	Ban Bung, Chonburi
<u>Working Day:</u>	Only Monday to Friday
<u>Responsibilities:</u>	

- Oversee all QA activities and operations to ensure compliance with company quality standards and customer requirements.
- Manage and plan the work of Quality Assurance and Quality Control employees.
- Monitor, set targets, and evaluate performance regularly.
- Provide recommendations for improving the performance of subordinates.
- Make decisions and resolve issues during operations.
- Address and resolve issues in incoming, in-process, and outgoing processes while enhancing efficiency.
- Communicate with clients to confirm that quality meets their expectations.
- Manage workload and job assignments for QA team members.
- Collaborate with other departments to ensure consistent quality.
- Report quality issues to management and outline procedures for quality concerns.
- Inspect procedures to ensure products meet quality standards and specifications.
- Conduct QA audits, customer audits, and quality risk analyses on the production line.
- Stay updated on new solutions, technologies, and skills through continuous learning.
- Manage and submit documents and reports required by the client.
- Carry out additional tasks as assigned by management.
- Maintain records of quality reports, statistical reviews, and relevant documentation.
- Oversee all quality-related matters on the shop floor.
- Provide support to QA team members.

Qualifications:

- Possess a bachelor's degree or higher in mechanical engineering or industrial-related fields.
- A minimum of 10 years of experience in QA/QC roles within the Agricultural or Automotive manufacturing industry.
- At least 10 years of managerial experience in QA/QC within the Agricultural or Automotive manufacturing sector.
- Proficient in English, with advanced conversational skills at a middle level.
- In-depth knowledge of IATF16949, ISO14001, ISO9001:2015, and ISO 45001 standards.
- Strong leadership qualities with the ability to work effectively in a team.
- Excellent supervisory skills, capable of making sound decisions, and communicating effectively.
- A proactive mindset with a proven track record of implementing solutions to challenges.
