Job Description

This role involves the strategic planning and execution of inventory management for a leading FMCG company. The Inventory Planning Assistant Manager will work closely with the Procurement & Supply Chain department to ensure product availability and optimal inventory levels.

Client Details

This opportunity is with a well-established, large organization in the FMCG industry. The company is renowned for its commitment to quality and innovation, and is recognized as a market leader in its field.

Description

- Develop, implement, and manage inventory forecasting models
- Collaborate with procurement & supply chain teams to ensure optimal stock levels
- Monitor inventory levels and identify potential supply issues in a timely manner
- Manage relationships with suppliers and negotiate contracts to ensure product availability
- Coordinate with sales and marketing teams to anticipate demand trends
- Implement strategies to reduce excess stock and wastage
- Oversee inventory audits to ensure accuracy

- Produce regular reports on inventory status and performance

Job Offer

- An estimated salary range of JPY 7,200,000 to JPY 8,800,000
- A supportive and collaborative work culture
- Opportunity to work with a market leader in the FMCG industry
- Competitive benefits package

We encourage all candidates with the right skills and experience to apply for this exciting opportunity in the FMCG industry.
