Job Description

OpSec Security — the world leader in brand protection and an integral part of Crane NXT, a \$1.5 billion dollar business with over 4,750 associates worldwide —safeguards the revenues and reputations of more than half of the Fortune 100. We effectively address Brand, Piracy, and Fraud risks that brands face due to the web's anonymity, global reach, and shifting consumption patterns for digital content, physical goods, and services.

Position Summary & Objective

The Warehouse Packer operates as a flexible member of the packing team, carrying out the required processes to accept standards of quality and output. This role packs a variety of goods for external customers and assists in the disposal and

control of security waste produced on site.

Essential Functions Performed by the Position

Maintains and, wherever possible, continuously improves upon operational performance and standards of quality, housekeeping, and health and safety.

- Understands and follows the dispatch list so that orders are dispatched in the required sequence.
- Ensures the quality of work carried out throughout the packing and dispatch process is at high standards before being sent to the final customer.
- Assists in the disposal and control of security waste on site via manual destruction and machine use.
- Participates in training as required to maintain and improve the range of skills and knowledge required to meet the ongoing needs of the business.
- Maintains the health and safety of people within the area covered by the job holder by ensuring that safe and healthy practices are followed and that all aspects of company, site and legal occupational health and safety requirements are met.
- Loads and unloads vehicles using forklifts and hand trucks. Perform other forklift duties, manual handling, stock rotation etc.

Position Qualifications

Education:

- GCSE or equivalent grade C or above in Math, English and one science subject.

Experience:

- 1-4 years' experience in a similar warehouse role.
- Previous experience in working within a packing, stores or warehousing environment is essential.
- Previous experience of working in a manufacturing environment is desirable.

Previous computer systems experience, for example an ERP (Enterprise Resource Planning) system used to book in and out products for stock control and traceability, is desirable.

Certifications/Licenses:

- Current Counterbalance Forklift Truck license desired.

Language Proficiency:

- Fluent in English.

Knowledge, Skills, and Abilities

- Proficiency in MS Office programs including MS Word and MS Excel.
- Excellent numeric and communication skills.
- Flexibility to accommodate a rotating shift pattern, which could include a continental shift pattern.
- Must be capable of producing work to an extremely high level of quality to meet tight deadlines.
- An open-minded approach and willingness to both create suggestions for improvement and undertake ideas from others.

- Must be able to demonstrate the ability and confidence to decide on quality of own work, using known standards.
- Must be able to multitask, be self-motivated and work autonomously and in a team environment.
- Flexibility to accommodate an ever-changing working environment and demands placed upon it.
- Possess a positive, professional, can-do attitude.
- Must be able to fit into a culture where teamwork, empowerment and dedication are of utmost importance.

Working Hours and Conditions

- Warehouse Work Environment.

WHAT'S IN IT FOR YOU?

- Work for a market leading, established product company.
- Nice modern offices with great facilities.
- Health Insurance.
- 24 days holidays plus national holidays.
- Life Insurance.

“Great people, Cool projects, Good work/life balance, Excellent work environment”
