Job Description

POSITION:	HS&E MANAGER
INDUSTRY:	AUTOMOTIVE PARTS MANUFACTURING
LOCATION:	AYUTHAYA
SALARY:	60,000 – 80,000 THB
WORKING HOUR:	MON – FRI: 8.00 AM – 5.00 PM

Job Summary: We are seeking a dedicated HS&E Manager to oversee and ensure compliance with health, safety, and environmental regulations within our organization. The ideal candidate will have a strong background in HS&E management, with a focus on creating a safe and compliant workplace.

Key Responsibilities:

- Develop, implement, and maintain health, safety, and environmental policies and procedures.

- Conduct risk assessments and site inspections to identify potential hazards and implement corrective measures.
- Ensure compliance with local, state, and federal regulations related to health, safety, and the environment.
- Organize and conduct safety training sessions for employees to promote awareness and understanding of safety practices.
- Monitor and report on the effectiveness of HS&E programs and initiatives.
- Lead emergency response initiatives and conduct investigations following incidents to determine causes and preventive measures.
- Collaborate with internal departments and external regulatory bodies to maintain compliance standards.
- Prepare and maintain documentation related to HS&E activities, such as inspection reports and training records.

Qualifications:

- Bachelor's Degree in Occupational Health and Safety, Environmental Science, Engineering, or a related field.
- Minimum of 5 years of experience in HS&E management, preferably in a manufacturing or industrial environment.
- Strong knowledge of HS&E regulations and standards.
- Excellent communication and leadership skills.
- Ability to conduct thorough risk assessments and implement effective corrective actions.
- Proficiency in using HS&E management software and tools.
- Certification in HS&E management (e.g., NEBOSH, IOSH) is an advantage.
