Job Description

???? Join a Team as an EHS Executive! ????

Location: Bidadi **Job Type:** Full-time

Are you passionate about creating a safer, healthier, and more sustainable workplace? We're looking for a dedicated **EHS Executive** to join a dynamic team. If you have a background in Environmental, Health, and Safety management, we want to hear from you!

Key Responsibilities:

- **Safety Audits:** Conduct regular safety audits to identify hazards and implement corrective actions.
- **Accident Investigations:** Participate in the investigation of accidents and incidents, including near-miss cases, and report findings to relevant stakeholders.
- **Hazard Identification and Risk Assessment:** Identify workplace hazards and assess risks associated with

operations, equipment, and materials.

- **Environmental Management:** Monitor and manage waste disposal, pollution control, and resource usage to ensure compliance with environmental regulations and standards.
- **Reporting:** Prepare and present periodic management reports.
- **EHS Training:** Provide Environmental, Health, and Safety (EHS) training to employees, contractors, and stakeholders to promote awareness and adherence to EHS practices.
- **Promotional Activities:** Initiate EHS promotional activities to enhance safety culture.
- **Health Monitoring:** Monitor workplace health conditions, including noise levels, air quality, and ergonomics.
- **Process Improvement:** Identify opportunities for improvement in EHS processes and practices.

Qualifications:

- Bachelor's degree in Environmental Science, Occupational Health and Safety, or a related field.
- Minimum 3 years of experience in an EHS role.
- Knowledge of EHS regulations and standards.
- Strong analytical and problem-solving skills.
- Excellent communication and interpersonal skills.
- Ability to conduct training sessions and promote EHS awareness.
- Proficiency in using EHS management software and tools.

Preferred Skills:

- Certification in Occupational Health and Safety (e.g., NEBOSH, IOSH).
- Experience in conducting safety audits and accident investigations.
- Familiarity with ISO 14001 and OHSAS 18001 standards.
- Strong organizational and multitasking abilities.

If you meet the above criteria and are excited about this opportunity, we would love to hear from you!
