Job Description

A Manager is sought for a role in the Life Science industry, responsible for overseeing all aspects of logistics including planning, scheduling, and coordinating. This role requires a keen eye for detail, strong organizational skills, and a passion for efficiency.

Client Details

The company is a multinational organization in the Life Science industry. Renowned globally for its commitment to innovation and quality, it has a strong presence in Japan. With a large number of employees, the company is dedicated to creating a better and healthier world.

Description

- Ensuring that all logistics processes comply with regulations and standards of the Life Science industry.
- Overseeing the entire distribution process to identify areas of improvement.
- Working cross-functionally with other departments to optimize logistics.
- Ensuring timely delivery of products.
- Managing and leading a team of logistics personnel.
- Participating in strategic planning and development of logistics.

- Implementing new processes and procedures to increase efficiency and reduce costs.

Job Offer

- Comprehensive insurance coverage.
- Opportunity to work in a multinational environment in Tokyo, Japan.
- An inclusive company culture that values innovation and collaboration.
- Permanent job position with opportunities for growth and development.

If you believe you are the right fit for this Manager role, we would love to hear from you. Apply now to take your career to the next level.
