Job Description

One of our Japanese clients, who is operating wide business in heavy industry at Asia Pacific, looking for Deputy Manager for Service Support Team.

Key Responsibilities:

- Oversee techno-commercial activities to ensure smooth business transactions and project execution.
- Engage in technical discussions, troubleshooting, and inventory checks while coordinating with clients and vendors.
- Develop technical and commercial proposals for projects and services.
- Support business development for spares, projects, and supervisory services.
- Facilitate communications with OEMs and group companies for project requirements.
- Maintain technical records and manage commercial activities for seamless operations.

Business Development Activities:

- Promote business through client visits and promotional materials.
- Participate in sales calls and develop service menus with solutions.
- Handle commercial aspects, including invoicing, contract negotiation, and reporting to management.

Qualifications:

- Bachelor's degree in Mechanical Engineering or related fields.
- 10-15 years of chemical plant maintenance experience, with 5+ years in rotary equipment design.

- Knowledge of reliability-centered maintenance and inventory management.
- Strong communication skills and experience in multinational environments.
- Willingness to travel internationally.

Working days: Monday - Friday

Salary Range: Up to 11,000SGD + AWS + VB

Annual Leave: 14 Days (Additional one day for each completed year; Capped at 22 Days)

* Company's holiday: 11 P/H + 10 days of additional day off

Interviews: Twice (PICs from Japan HQ will participate via online)

We regret to inform that only shortlisted candidates will be notified. Thank you for your understanding.

Apply online or feel free to contact us directly for more information about this opportunity.
