Job Description

Seeking a Experienced Project Manager to oversee multiple security-focused projects, collaborating with security engineers and cross-functional stakeholders to ensure effective execution. Responsibilities include project planning, risk management, communication, and continuous process improvement within the cybersecurity domain.

Client Details

A global leader in e-commerce, fintech, digital content, and communications, renowned for its innovation work environment. Join us to be part of a forward-thinking company that offers vast opportunities for growth and development in a diverse and inclusive culture.

Description

- Collaborate with security engineers to plan and execute projects
- Oversee multiple security engineering projects with varying priorities
- Coordinate communication across multiple departments and stakeholders

- Provide weekly project status updates to ensure alignment
- Identify and manage project risks, issues, and assumptions
- Conduct retrospectives to drive continuous improvement

Job Offer

- Working time: 09:00-17:30
- Hybrid working style
