#### Job Description

An excellent opportunity for a risk management professional to oversee operational risk incidents and enhance governance frameworks. This role involves incident analysis, risk reporting, and strengthening risk controls in alignment with regulatory requirements.

**Client Details**

Our client is a globally recognized insurance firm prioritizing effective risk management. They are expanding their operational risk team to enhance oversight, drive compliance, and implement best practices in risk mitigation.

**Description**

- Oversee and manage operational risk incidents, conducting root cause analysis.
- Assess incident impact, coordinate response measures, and report findings to management.
- Analyze trends using incident data to improve risk management frameworks.
- Develop and enhance risk governance policies in alignment with regulatory requirements.
- Lead company-wide risk initiatives within the Effective Control Framework (ECF).
- Support risk assessments, audits, and compliance tracking across departments.
- Deliver training on operational risk topics to strengthen risk awareness.

- Implement digital tools to optimize operational risk management processes.

#### **Job Offer**

- Opportunity to engage with senior leadership and global teams.
- Career growth potential in operational risk management.
- Hybrid work environment with flexible arrangements.
- Competitive compensation and benefits package.

We encourage all who believe they fit this professional profile to apply. Be a part of our journey in redefining risk management in the insurance sector.

---

#### **Required Skills**

- Experience in Operational Risk Management, Internal Control, or Audit.
- Bilingual proficiency in Japanese and English.
- Strong communication and facilitation skills to engage with stakeholders.
- Ability to manage multiple tasks and work towards set goals.
- Analytical mindset with experience in risk reporting and assessment.

#### **Preferred Qualifications:**

- Experience in life insurance or the financial industry.
  - Project management skills and familiarity with Power BI for risk reporting.
  - Knowledge of global risk frameworks and regulatory compliance.
-
