#### Job Description

This position involves strategic planning and executing supply and operation plans for a leading FMCG brand. The S&OP Planner will play a crucial role in improving product availability and reducing inventory costs.

#### Client Details

The company is a global player in the FMCG industry with a reputation for delivering quality products to millions of consumers. With a large organization operating in many countries, they are committed to innovation, sustainability, and diversity in all aspects of their business.

#### Description

- Execute strategic supply and operation plans
- Coordinate with sales, marketing, and supply chain departments to ensure product availability
- Utilize SAP to forecast and track inventory levels
- Manage relationships with suppliers to ensure on-time deliveries

- Analyze and interpret supply chain data to identify opportunities for improvement
- Participate in cross-functional teams to implement supply chain projects
- Ensure compliance with company policies and industry regulations
- Report on supply chain performance metrics

#### **Job Offer**

- A competitive salary of approximately 7,000,000 to 9,000,000 JPY
- Flextime with no core hours and good hybrid work options
- Opportunities for internal career progression
- A diverse and inclusive workplace culture
- Work for a globally recognized FMCG brand

If you are looking for a challenging role where you can make a significant impact on a global FMCG brand, apply now and take the next step in your career.
