#### Job Description

We are seeking a dedicated Finance Business Partner in the Life Science industry. This exciting role involves strategic decision-making, data analysis, and effective communication with senior stakeholders.

#### Client Details

The hiring organization is a globally recognized large-scale enterprise, best known for its innovative contributions to the Life Science industry. Based in Tokyo, the company places a strong emphasis on employee growth and continuous learning.

#### Description

- Provide financial guidance and support to stakeholders to facilitate strategic decision-making.
- Implement and maintain financial systems and processes, including SAP.
- Analyze financial data and present insights using PowerBI and Tableau.
- Ensure compliance with financial regulations and company policies.
- Collaborate with other departments to align financial strategies and goals.
- Participate in budgeting, forecasting and financial planning.
- Lead financial projects and initiatives as required.
- Continually identify opportunities for financial process improvements.

## Job Offer

- A competitive salary package
- A robust retirement plan to ensure long-term financial security.
- A supportive company culture that values growth and learning.
- The chance to make a significant impact in the Life Science industry.

Don't miss this excellent opportunity to grow your career in a global company. Apply today to join our dedicated team as a Finance Business Partner.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Saki Kanematsu at +81 3 6832 8904.

---

## Required Skills

A successful Finance Business Partner should have:

- Educational background in Finance, Accounting or a related field.
  - Proficiency in financial systems, particularly SAP.
  - Demonstrated experience in data analysis and data visualization tools such as PowerBI and Tableau.
  - Excellent communication skills to effectively liaise with senior stakeholders.
  - An analytical mindset, with the ability to make strategic decisions based on financial data.
  - A proactive approach, with the ability to identify and drive process improvements.
-
