Job Description

We are looking for a Financial Analyst. In this role, you'll analyze financial data, forecast future trends, and provide key financial insights to support strategic decision-making.

Client Details

Our client is a globally renowned leader in the industrial machinery industry, with a strong presence in Japan for many years. They are recognized for their stability, and commitment to long-term career growth

Description

- Analyzing financial data and preparing reports
- Providing financial support for Engine and PG segments, including budgeting, forecasting, and monthly closing.
- Conducting market research and analyzing competitors
- Collaborating with other departments to streamline operations
- Assisting with budget preparation

Job Offer

- A competitive salary with excellent benefits package
- Good work life balance with mostly work from home
- Stability & Career Growth: Many employees have long tenures, and the company offers great long-term career opportunities
- Opportunities for professional growth and development

If this is the opportunity that you're looking for please let me know.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Prim Daengpiam on +81364021589.

Required Skills

A successful Financial Analyst should have:

- An educational background in Finance, Accounting, or a related field
- Experience in FP&A/Accounting
- Proficiency in financial software
- Knowledge of US GAAP
- Good communication skill
- A proven ability to work collaboratively with a team
- A proactive attitude towards problem-solving

Company Description
